Dear Randy:

As you know, I represent Taylor's Industrial Services with respect to the letter you sent to Mr. Eichler concerning CRO and hazardous waste issues. As I have explained previously, I am unable to evaluate the issues you have raised without some of the documents you mentioned in your letter. In particular, you have agreed to provide a copy of an Emergency Planning and Community Right to Know Act filing that, according to your letter, Taylor's filed in February, 2001. Ohio EPA has based its determination that Taylor's "operated" a "reporting facility" pursuant to the CRO Rule based primarily on this filing. My client has not been able to locate a copy of this filing.

You have stated that you will be able to obtain a copy of the document from OEPA Central Office within a week or so. I appreciate your assistance with this matter and look forward to receiving this document. Once we have the opportunity to review it, we will respond more fully to your August 4, 2004 letter.

Very truly yours,

BAILEY CAVALIERI LLC
